“A College Preparatory Program”

Dear Community Partner,

Green Tech High Charter School is hosting our 3rd Annual Honors the Community Gala on Saturday May 7, 2016 at the NY State Museum in Albany. This special event recognizes a select few individuals who have impacted our community and dedicated themselves to serving this community. Our event is expected to draw around 250 people from around the capital region who support Green Tech’s mission to providing not only an excellent education, but also the preparatory skills needed for a responsible and successful life.

The funds we raise are used to strengthen our academic curriculums by providing essential tools such as textbooks or calculators to every student. Other programs such as athletics and student clubs which allow our students to explore and learn outside the classroom, will also benefit from your generous donation.

Will you help us with our fundraising efforts with a donation of a product or service from your business for our auction? All donations are tax deductible and greatly appreciated. Any donation helps make a difference for the Green Tech High students and our community.

Simply fill out our attached donation form, and we’ll handle the rest! In addition, we are selling advertisement spaces by the quarter, half, or full page in our event programs. Please contact Erika Steuer for more information about donations, advertisements, Green Tech High, or our gala.

Thank you for your consideration of our request to support Green Tech High, our young scholars and our community!

Best,

Erika Steuer

Director of Fundraising & Public Relations

Green Tech High Charter School prepares young men to complete high school with a Regents diploma so they will have the opportunity to attend college or choose an alternative, responsible career path as they enter adulthood. Green Tech High will succeed in this mission by providing a complete high school curriculum, backed by a philosophy and culture, that ensures every student will attain the skills and coursework necessary for a Regents diploma, including the use of computer technology, providing an understanding of how technology impacts our future and instills a knowledge of environmental factors including human impact and sustainability. Green Tech High Charter School is a tax-exempt non-profit organization under section 501(c)(3) of the Internal Revenue Code.
